

## Social Life

Leader: Mary Hemme

The Social Life Committee helps plan outings and trips off campus as well as some events on campus. Trips off campus can include shopping trips, professional baseball games, professional soccer games, ice skating, bowling, alpaca farm visits, and more! On campus activities include outdoor movie nights, pumpkin carving, giant twister, painting, and more.

We want our students to have opportunities for fellowship and we provide experiences to build friendships and let our International students experience the American culture.
