INSTRUCTIONS: Change the year in the cell below.

YEAR
2024

START DAY (1=Sun, 2=Mon)
1

Publishing your calendar. If you want to publish a school calendar, you must ensure that it includes the following note and URL in the footer: [Calendar Templates by Vertex42.com](http://www.vertex42.com/calendars/) - <https://www.vertex42.com/calendars/>

Converting the calendar to a PDF. To publish a school calendar on your website, you should first convert it to a PDF. The best way to do that is to print to a PDF driver, or in Excel 2010/2013 you can go to Save As and select PDF.

Changing the color scheme. You can change the color scheme by going to Page Layout > Themes > Colors.

Background colors. The background color for the weekends and blank days are controlled using conditional formatting. To edit, select the cell(s) and go to Format > Conditional Formatting.

View the Print Area. To view the current print area, first view the Print Preview (Ctrl+P) then return to the Home tab. Or, go to View > Page Break Preview. The print area will become highlighted with a dashed line. To choose a new print area, select the cells you want to include and go to Page Layout > Print Area > Set Print Area.
